Legal	The seal is used where use has been authorised by a resolution of the Board or of a Committee, thereof or where the Board has delegated its powers.
Link to Board Assurance Framework Principle Risk	The Seal is used for the execution of deeds. There are certain circumstances where a deed must be used (rather than a contract) and the most common examples are sale and purchase of land, leases and often contracts where there are collateral warranties in favour of the Trust as this brings a longer limitation period.
